Thursday July 21, 2011 at Rio Vista Elementary School
310 N Rio Vista Street

What is the Neighborhood Council?

Your district's neighborhood council is instrumental in focusing on the needs of your neighborhood. The District Neighborhood Council is part of the Anaheim Neighborhood Improvement Program that uses an inter-departmental approach to improve the livability of Anaheim's neighborhoods. Utilizing 4 neighborhood districts and interdepartmental teams assigned to each district, neighborhood improvement is accomplished by creating partnerships between neighborhood "stakeholders" (City departments, residents, property owners, school officials, the religious community business community and non-profit organizations). This partnership develops a long term vision for your neighborhood's success! Neighborhood Councils bring people together to work on issues of concern and identify actions they can make to address them.

NEIGHBORHOOD SERVICES DISTRICTS

EAST DISTRICT – from Rio Vista St. to the eastern City limits

What is Neighborhood Services?

The mission of the Neighborhood Services Division is to facilitate a city-wide effort to improve the “livability” of Anaheim neighborhoods by enabling residents to assist themselves through the creation of partnerships between the City and other community-wide resources.

What does Neighborhood Services do?

- Facilitates cooperation between residents, apartment owners, schools, businesses, religious organizations, non-profit agencies and City departments to improve and strengthen neighborhoods through the Neighborhood Improvement Program.
- Provides a “single point of contact” to assist residents in resolving neighborhood issues.
- Provides guidance to Anaheim neighborhoods wishing to organize and to improve the quality of life within their neighborhoods.
- Fosters and builds leadership within neighborhoods.
- Provides information and resources to residents, helping them become effective problem solvers.
- Fosters the building of neighborhood community, identity and pride.
- Encourages residents to become involved in the decision-making process.
- Coordinates and enables residents’ involvement in the Citizen Participation Process for the Community Development Block Grant (CDBG).
- Coordinates efforts between City departments which address improved neighborhood livability.
